THE PROCESS

- Book your one-hour webinar slot in line with your expertise, products and services.
- Perfect your CPD presentation and submit to the Events Team for approval – we try to limit 'sales pitches'.
- Assist in the process of marketing your webinar to your network using your handy marketing pack provided by the Events Team – the more promotion, the better!
- Our events team will promote your webinar in parallel to our master database of over 100,000 qualified contacts.
- Receive your 'Hints and Tips' and 'User-Guide for the Webinar Platform from the Events Team. We are with you every step of the way.
- The week of your webinar, join a 15-minute briefing with the Events Team on how the platform will work on the day of your webinar.
- The day has arrived! Ensure you log on to the webinar system in plenty of time! We will be on hand to help if needed.
- One week after your webinar, you will receive a full list of attendees, along with some attendee feedback.
- We will issue attendees with a Certificate of Attendance.

THE PLATFORM

- **No Teams or Zoom here!**
- We have invested in a platform called RingCentral where the webinars will be hosted. This enables you to seamlessly screen share your presentation and appear on the screen at the same time.
- You will also be able to view any questions from the attendees in real-time, which you can answer if you have the time, or you can take their details to follow up afterwards.
- The platform offers interactive features, such as Q&A's, polls and live chat.
